## CONSERV-A-FILE V<sup>®</sup>\*

FULL SUSPENSION

STATIONARY SHELF

**FSC GROUP  
NEW INTRODUCTORY SCHEDULE  
CONSERV-A-FILE V EQUIPMENT  
SPECIAL ITEM NO. 194-113**

For Period from  
Sept. 23, 1968 thru Sept. 20, 1969

Authorized Federal Supply Schedule Price List

FSC GROUP, New Introductory Schedule

Contractor: Supreme Equipment & Systems Corp.

Contract No. GS-00S-61842

Period: Sept. 23, 1968 thru Sept. 20, 1969

General Services Administration

Federal Supply Service

GSA Distribution Code: C-98

# SUPREME

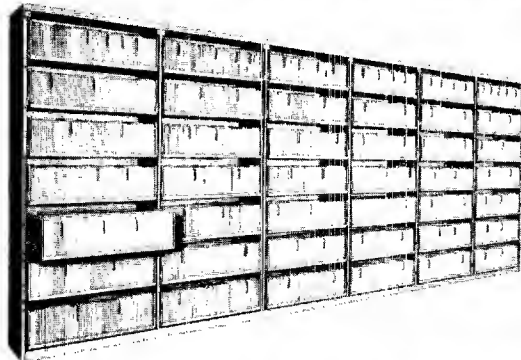

SUPREME EQUIPMENT & SYSTEMS

170 53rd Street, Brooklyn, N. Y. 11232 • Tel. (212) 492-7777

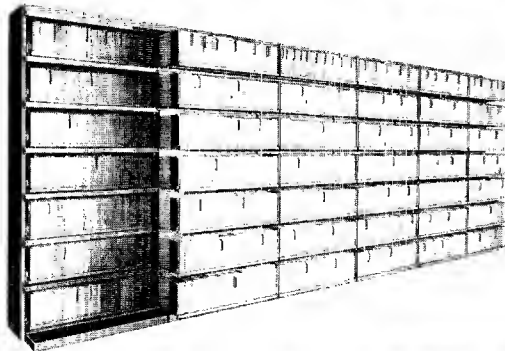

LOUIS G. CARRICO  
D. N. OWENS COMPANY  
113-12TH ST., N. W.  
WASHINGTON, D. C.  
PHONE: DI. 7-2261

# *Conserv-a-file V provides 2 rows of files in 1! Saves more space, holds more, is far more efficient!*

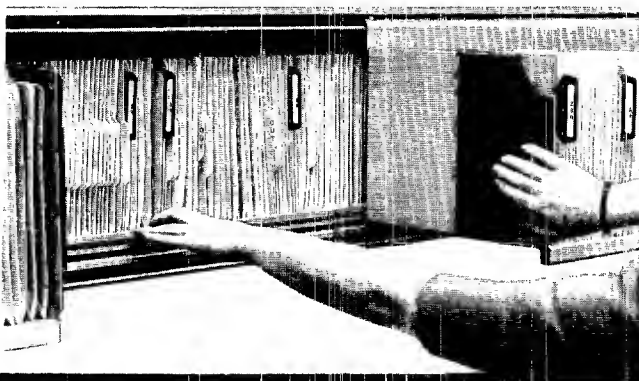

*How it works:*

1. Starting with a row of files with drawers that roll out exposing records from the top and front . . .

2. We suspend outer file cradles on rails in front of all but one section of the row of files. The outer file cradles may be rolled to right or left with finger tip pressure.

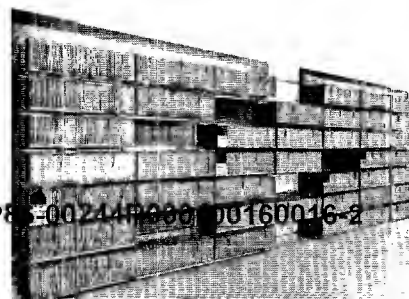

3. When access to any of the file drawers behind the outer cradles is desired, merely roll the outer ones aside and roll out the inner drawer.

*This clerk has the records of 40 drawers  
at her fingertips  
without moving!*

*Made as high or as long as you need it!*

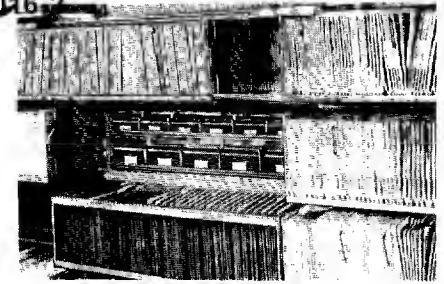

In any given area, Conserv-a-file V holds 1½ to 3 times as many records as mechanized files, shelf files or drawer files. It makes the filing area so compact that much of the filing motions and 85% of the walking is eliminated. Speed and efficiency are greatly increased.

Conserv-a-file V is individually engineered to meet the needs of any installation. May be constructed to any length and varying heights. So flexible it can even surround a post!

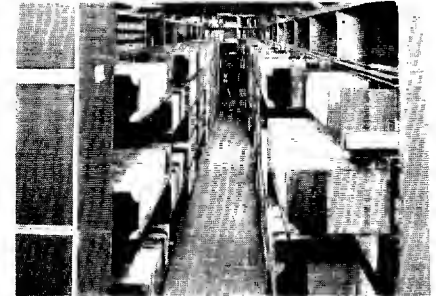

# Conserv-a-file V

for general filing

*Takes any folder or system*

Requires no records conversion. Adapts to any filing system. The cradles of any units can be made to take any folder, combination of folders, card trays or special size media.

*Not only requires minimum aisle space, it eliminates need for much of it!*

Because it provides 2 rows of files in 1, Conserv-a-file V actually eliminates the need for as many aisles as were formerly required. Further, since no drawer pull-out area is required, 30-inch, even 26-inch aisles are perfectly adequate.

## SPECIFICATIONS:

**Closures:** Doors, locks, dust protectors of any type are custom designed and engineered to suit the particular needs of an installation.

**Suspension System — Outer Cradles:** Suspension tracks are made of anodized aluminum specially contoured to match the rollers of the cradles.

**Suspension System — Inner Cradles:** Full suspension (FS) Suspension System. Latter system equipped with 21-strand plastic coated airplane control cables which insure perfect tracking. Eliminates the torque normally encountered when rolling out a conventional file drawer. The elimination of this wear factor adds to the life of the suspension system twenty-fold over conventional file cabinets.

**Stability:** Conserv-a-file V cannot be tipped over even if all the outer cradles are full and the inner ones empty. No anchoring is ever necessary.

**Safety and Silence:** The ends of the outer cradles are cushioned with polyurethane foam for silence and safety. No metal ends ever touch. Hands pushing one cradle cannot be injured even if the adjoining cradle is accidentally pushed against them.

**Anti-Friction Bearings:** All metal-to-metal contact is eliminated by employing anti-friction bearings equipped with tires of a space-age plastic. They're practically impervious to wear and reduce pull-out and lateral movement effort to ounces.

**Leveling Domes:** The base of Conserv-a-file V is equipped with screw-type leveling domes, making shims unnecessary.

**File Cradle Equipment:** Dividers, adjustable every two inches, are provided. Sway blocks, which provide an instant working "V" at any point, or hanging file folder frames, are also available. Special requirements to order.

**Construction:** Conserv-a-file V is precision-manufactured of prime furniture steel.

### Colors:

#73 Neutral, #76 Bamboo, #45 Ice Blue, #31 White, #77 Tan, #54 Putty Gray, #32 Bone White, #75 Beige, #50 Gray, #23 Red, #70 Desert Sage, #92 Charcoal, #65 Avocado Green, #80 Brown, #90 Black, #62 Mist Green. Two-tone combinations of any of the standard colors listed above available at no extra charge. Special colors available at extra charge: One special color, \$35 first section, \$5 each additional section. Two special colors, \$50 first section, \$7.50 each additional section.

## DIMENSIONS:

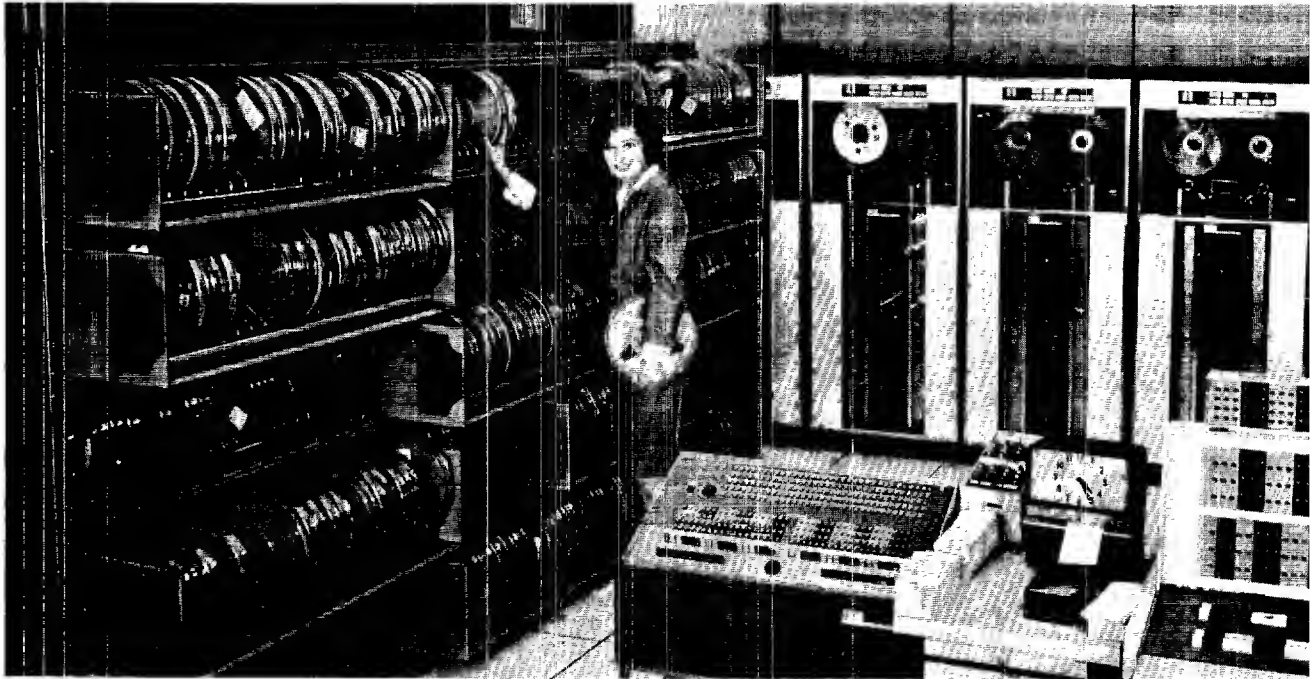

**Depth:** Letter size — 29 $\frac{3}{4}$ "; legal size — 35 $\frac{3}{4}$ " (units with only stationary inner file shelves measure approximately 2" shallower in depth).

**Width:** Starting modules — 36 $\frac{3}{4}$ ", additional modules — 36". Conserv-a-file V for general filing available only in these widths.

Note: inner files can be made stationary if desired.

**Height:** 4-tier—76"; 7-tier—88"; 8-tier—100"; 9-tier—112". Depth and height may be contracted or expanded to suit special needs.

# *Conserv-a-file V for tape reel storage*

*Holds more reels in less floor space  
than any other reel storage equipment!*

Makes storage of tape reels within immediate computer area practical because floor space requirements are so minimal. Pictured: clerk has rolled aside outer cradle to obtain access to stationary storage rack in rear section.

# *Conserv-a-stack for libraries*

*Conserv-a-stack provides two rows of  
completely accessible library shelves in one!*

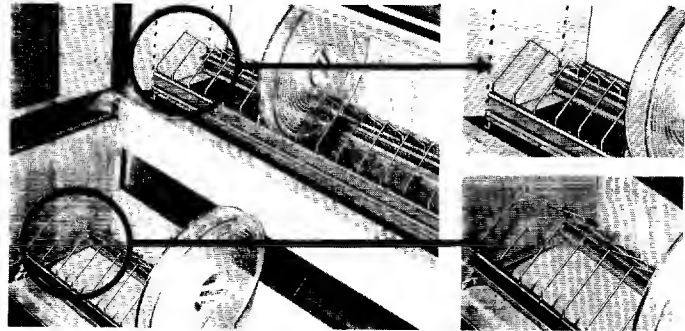

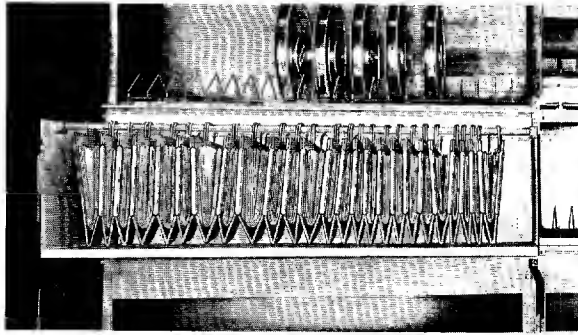

Conserv-a-stack saves space, increases capacity as no library storage equipment has ever done before. It's almost identical in construction to Conserv-a-file V for general filing except for its inner shelves which are stationary. It can be made to any length and height from 5 to 9 tiers.

*Same unit can also accommodate print outs if desired.*

*Fixed position racks may be removed.*

Racks fit into retaining slots of side panels of unit and of outer cradles thereby preventing racks from slipping about when reels are removed or replaced. Entire rack may be lifted out if desired.

### SPECIFICATIONS:

**Storage Racks:** Made of .11 gauge wire with full width label holders. There are no shelves in inner section. Racks fit into retaining slots in side panels of unit.

**Capacity of Racks:** For 36" module units — 21 reels (11½" x 1⅞" size); for 42" module units — 25 reels (11½" x 1⅞" size). Units to accommodate other size reels available on order.

Look how many reels a 6-tier Conserv-a-file V can store . . . and in such little space!				
	36" Modules	approx. sq. ft. of floor space occupied	42" Modules	approx. sq. ft. of floor space occupied
Capacity per rack	21 reels		25 reels	
3 modules capacity	630 reels	18	750 reels	20
4 modules capacity	882 reels	24	1050 reels	26
6 modules capacity	1386 reels	36	1650 reels	42
<b>Note:</b> Units may be made to any length.				

**Suspension System:** Suspension tracks of anodized aluminum. Anti-friction bearings have tires of space-age plastic that are practically impervious to wear. No metal to metal contact.

**Outer Cradles:** Fitted with retaining slots to hold storage racks. Ends of outer cradles cushioned with polyurethane foam to insure safe, silent operation.

**Print-Out Holders:** Special suspension folders to hold print outs are available. Shelves to contain print-out folders must be fitted with suspension bars.

**Base:** Equipped with screw-type leveling domes. No shims necessary.

**Construction:** Prime furniture steel throughout.

**Colors:** #50 Grey, #76 Bamboo, #45 Ice Blue, #62 Mist Green, #70 Desert Sage, #32 Bone White, #75 Beige, #80 Brown, #90 Black or special colors to match if desired.

### DIMENSIONS:

**Depth:** 26".

**Width:** Available in 36" or 42" modules. Starting modules are 36¾" or 42¾"; additional modules are 36" or 42".

**Height:** 5-tier—75". 6-tier—89".

**Length:** Units may be made to any length.

**Note:** Depth and height may be expanded or contracted to suit special needs.

### SPECIFICATIONS:

**Closures:** Doors, locks, dust protectors of any type are custom designed and engineered to suit the particular needs of an installation.

**Suspension System—Outer Cradles:** Suspension tracks are made of anodized aluminum specially contoured to match the rollers of the cradles.

**Stability:** Conserv-a-stack has such a low center of gravity that it cannot tip even if all the outer shelves are loaded and the inner ones empty. No anchoring ever required. Screw-type leveling domes in the base make shims unnecessary.

**Safety and Silence:** The ends of the outer cradles are cushioned with polyurethane foam for silence and safety. No metal ends ever touch. Hands pushing one cradle cannot be injured even if the adjoining cradle is accidentally pushed against them.

**Anti-Friction Bearings:** All metal-to-metal contact is eliminated by employing anti-friction bearings equipped with tires of a space-age plastic. They're practically impervious to wear and reduce pull-out and lateral movement effort to ounces.

**Construction:** Conserv-a-stack is precision-manufactured of prime furniture steel.

### COLORS:

#50 Grey, #76 Bamboo, #45 Ice Blue, #62 Mist Green, #70 Desert Sage, #32 Bone White, #75 Beige, #80 Brown, #90 Black or specially matched colors if desired.

### DIMENSIONS:

**Depth:** 22" overall depth on units with shelves 10" deep  
26" overall depth on units with shelves 12" deep

**Width:** Starting modules—36¾"; additional modules—36".

**Height:** 5-tier-64"; 6-tier-76"; 7-tier-88"; 8-tier-100"; 9-tier-112".

Depth and height may be expanded or contracted to suit special needs.

### SHELF DIMENSIONS:

10" or 12" deep; 36" wide; special sizes available on order.

# Conserv-a-file V GENERAL INFORMATION

---

**A. TERMINOLOGY:** The following terms should be used in all proposals, orders, requests for information, etc.

1. **SECTION** — one stack of cradles, either in the rear or front.
2. **TIERS** — the number of cradles in height of a specific section.
3. **UNIT** — total number of sections.
4. **REAR CRADLE OR SHELF** — those FS cradles or stationary shelves in the rear sections.
5. **LATERAL CRADLES** — those cradles in the front or lateral sections.
6. **HFR RODS** — hanging folder rods for rear FS cradles.
7. **HFRL** — hanging folder rods for **LATERAL** cradles.
8. **END PANEL** — an upright which either starts or ends a unit. Referred to as either left or right.
9. **INTERMEDIATE PANEL** — an upright making up sections between end posts. Intermediate panels are punched on both sides for cradles or stationary shelves.

**B. FILING CAPACITY:** The capacity of a Conserv-a-file V is based on the **linear inch capacity**. This means the total number of left to right inches of each FS cradle, stationary shelf, and lateral cradle. Specific dimensions of individual cradles or shelves are as follows:

1. FS Cradle — 33½"
2. Stationary Shelf — 35¼"
3. Lateral Cradle — 35¼"

**How to Figure Unit Capacity** — The number of rear cradles or shelves X cradle or shelf capacity plus the number of front or lateral cradles X lateral cradle capacity.

e.g. One 15' letter size, full suspension Conserv-a-file V unit consisting of five rear sections and four lateral sections, six tiers high.

$$5 \times 6 \times 33\frac{1}{2}" + 4 \times 6 \times 35\frac{1}{4}" = 1851 \text{ lineal inches}$$

## C. INSIDE OPENING HEIGHTS

Full Suspension Rear Cradles	-- 10⅞"
Stationary Rear Shelves	-- 10⅞"
Half Cradles	-- 5" (2" greater opening required when using 5" high cards).
Lateral Cradles	-- 11¼"

## D. WEIGHT FLOOR LOAD FACTOR OF CONSERV-A-FILE V

1. Because there is less steel for more capacity than is the case with conventional drawer files, it is **possible to increase the capacity** within a given area **without adding to floor load**.
2. The ratio of steel to content in Conserv-a-file V is approximately 1:1 in letter size files as against 2:1 in drawer files.
3. You may approximate floor load by utilizing the following factors:

Net wgt. of Conserv-a-file V: Letter size — approx. 1.00 lb.  
per lineal inch

Legal size — approx. 1.5 lbs.  
per lineal inch

Net wgt. of letter size folder & content — 1-1½ lbs. per  
lineal inch

Net wgt. of legal size folder & content — 1½-2 lbs. per  
lineal inch

Approved For Release 2000/09/14 : CIA-RDP86-00244R000100160016-2

**FOR INFORMATION PERTAINING TO ORDERS OR REQUIREMENTS,  
PLEASE WRITE US, STATING ALL PARTICULARS INVOLVED (include floor plan, if possible)  
OR CALL COLLECT TO BROOKLYN (Code 212 492-7777)  
STATING THAT IT IS A GOVERNMENT CALL FOR INFORMATION  
AGAINST CONTRACT GS-00S-61842**

**SHIPPING SCHEDULE:** All units listed on the following pages will be shipped from 60 days after receipt of order.

**DAMAGES IN TRANSIT & CONCEALED DAMAGES:** All merchandise is packed in compliance with carrier requirements. Examine all shipments carefully before acceptance. If there is any indication of damage or shortage, request the delivering carrier to make a notation to this effect on the bill of lading or freight bill before you sign it. If further damage is discovered after delivery, request immediate inspection by the delivering carrier. Notification of concealed damages must be made to Supreme Equipment & Systems Corp., immediately upon delivery. (Claims may be rejected if notice is not given to Supreme Equipment & Systems Corp., within 15 days.)

**RETURNED SHIPMENTS:** Returned merchandise will not be accepted unless authorized by us in writing.

**CAUTION:** Once the delivering carrier has a clear receipt for shipment, he is no longer responsible for shortages or damages.

**TERMS:** 1% 20 days; Net 60 days.

**NOTE:** Order by catalog number only. Be sure to specify color on all orders for Conserv-a-file V units.

**ZONE 1:** United States of America  
DESTINATION DETERMINES APPLICABLE PRICE.

**AREA A:** Me., Vt., N.H., Mass., R.I., Conn., N.Y., N.J., Pa., Del., Md., Va., W. Va., Ohio, D.C.

**AREA B:** Ky., Tenn., N.C., S.C., Miss., Ala., Ga., Fla., Ind., Ill., Mich.

**AREA C:** Wisc., Minn., Iowa, Mo., Kan., Colo., Neb., N.D., S.D., Wyo., Mont., Ark., La., N. Mex., Okla., Tex.

**AREA D:** Wash., Ore., Cal., Idaho, Nev., Ariz., Utah.

**CONSERV-A-FILE V UNITS**  
**FULL SUSPENSION      STATIONARY SHELF**

**STANDARD EQUIPMENT:** (included in unit prices listed). Back panel, three adjustable shelf dividers per opening adjustable on 2" centers. All cradles and shelves are flanged up 5" in the rear.

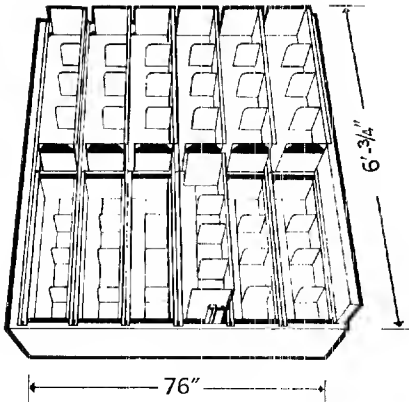

**HANGING FOLDER RODS:** Optional. All Full Suspension Roll-Out cradles are pre-punched for attachment of rods to accommodate hanging folders. Rods may be installed at any time. See prices listed under optional equipment and accessories, page 16.

**NOTE:** Conserv-a-file V prices listed herein in columnar form show 1) price of the equipment, F.O.B. Shipping Point; 2) installation cost per unit and 3) transportation costs from the Areas of Zone 1. Equipment may be purchased either F.O.B. Shipping Point or F.O.B. Destination and may also be purchased without installation. F.O.B. Shipping Point prices cover the cost of equipment only. To arrive at cost of equipment delivered and installed, add installation cost per unit and transportation cost to the appropriate area.

## HOW TO COMPUTE PRICING

Prices listed under PRICE PER UNIT, F.O.B. SHIPPING POINT excludes cost of delivery and installation. To arrive at the price per unit delivered and installed for the area in question, add the installation price and the transportation cost to the PRICE PER UNIT, F.O.B. SHIPPING POINT—e.g. the F.O.B. DESTINATION price for a 4 section wide by 6 tier high unit to AREA A is computed as follows:

Price per Unit, F.O.B. Shipping Point.....	\$1323.42
Plus installation cost.....	\$215.78
Plus transportation cost, AREA A.....	80.50
Price per Unit, F.O.B. Destination.....	\$1619.70

## HOW TO COMPUTE PRICING

Prices listed under PRICE PER UNIT, F.O.B. SHIPPING POINT excludes cost of delivery and installation. To arrive at the price per unit delivered and installed for the area in question, add the installation price and the transportation cost to the PRICE PER UNIT, F.O.B. SHIPPING POINT—e.g. the F.O.B. DESTINATION price for a 5 section wide by 6 tier high unit to AREA A is computed as follows:

Price per Unit, F.O.B. Shipping Point.....	\$1702.92
Plus installation cost.....	\$277.65
Plus transportation cost, AREA A.....	381.15
Price per Unit, F.O.B. Destination.....	\$2044.07

# Conserv-a-file V

## OPTIONAL EQUIPMENT and ACCESSORIES

Prices shown are F.O.B. SHIPPING POINT

1. **Tape reel Conserv-a-File V.** Tape reels can be housed in Conserv-a-File V by substituting tape reel racks in place of stationary shelves.

Capacity per rack, storing  $1\frac{7}{16}$ " wide reels for 36" shelf is 21 reels. Compute the price based on 70¢ per filing inch (35.25 in. per opening or lateral cradle) housed. Price for additional separators is 50¢ each.

When ordering tape reel unit, add TR-36 after the stationary shelf catalog number.

2. **Hanging folder rods for Conserv-a-File V** are priced at \$2.00 per pair. Specify catalog number HFR for rear cradles and HFRL for front cradles.
3. When filing records with height greater than  $10\frac{3}{8}$ " high, add 10% to the list price for 1", 2" or 3" greater opening.
4. **Conserv-a-Dex—Conserv-a-File V.** When filing Conserv-a-Dex folders in Conserv-a-File V, add \$5.00 per cradle for Letter or Legal Size to the stationary shelf price; for print-out size add \$8.50 per shelf to the price of Legal Size stationary unit; for X-Ray Size add \$16.98 per shelf to the price of the Legal Size unit.
5. **Conserv-a-Dex hanging folders** are priced as follows:

Model No.	Description	Dimensions	List Price Per Folder
01	Letter Size w/V bottom	$12\frac{7}{8}$ " W x $9\frac{7}{8}$ " H	\$ .50
01A	Letter Size w/1" reinforced box bottom	$12\frac{7}{8}$ " W x $9\frac{7}{8}$ " H	.66
02	Legal Size w/V bottom	$15\frac{7}{8}$ " W x $9\frac{7}{8}$ " H	.71
02A	Legal Size w/1" reinforced box bottom	$15\frac{7}{8}$ " W x $9\frac{7}{8}$ " H	.87
03	Print Out Size w/V bottom	$15\frac{7}{8}$ " W x $12\frac{1}{2}$ " H	.85
03A	Print Out 2" box bottom	$15\frac{7}{8}$ " W x $12\frac{1}{2}$ " H	1.06
05	X-Ray Size w/V bottom	$17\frac{7}{8}$ " W x $15\frac{3}{8}$ " H	.87

6. **X-Ray Conserv-a-File V**, add \$11.98 per shelf to the price of Legal Size stationary units. All rear openings are expanded by 5 inches in height.

7. **Sliding doors for Conserv-a-File V.** When required to close off two units of Conserv-a-File V, 2 sliding doors can be placed at the ends of two units facing each other. Price per each of the sliding doors, plus lock, are as follows:

6 high units — \$500.00  
 7 high units — \$500.00  
 8 high units — \$610.00

8. **Card Tray Application, Conserv-a-File V.** Two half cradles can be placed in each rear opening which will receive removable card tray sizes 5" x 3", 6" x 4", 8" x 5", 8" x 3" and tab size 7 $\frac{3}{8}$ " x 3 $\frac{1}{4}$ ". When half cradles are required add prices as follows:

Letter Size — for each opening in the rear section ..... \$26.80  
 Legal Size — for each opening in the rear section ..... \$32.16

Card tray prices are listed on Contract GS-005-75900, FSC Group 74, Part IV.

9. **Panel Extension** for Future Expansion. Expansion can be built into Conserv-a-File V by ordering the panel height higher than initially required. E.g., the panel height of a 6 high unit is 76" high. If a 7 high unit is ordered, apply the price of a 6 high unit and add \$6.00 per panel. At a later date, cradles or shelves can be ordered to fill the opening. When ordering lateral or rear cradles later, the cradle price is \$32.43 for Letter Size, full suspension and \$34.17 for Legal Size full suspension. When ordering stationary shelf lateral or rear shelves, the price is \$21.86 for Letter Size stationary shelf and \$24.68 for Legal Size stationary shelf.

10. **Conserv-a-File V for Libraries.** Conserv-a-File V can be used for library books. The lateral cradles are punched to take dividers so that the book will not fall when the cradles are moved from right to left. When ordering Conserv-a-file V for library books, 10" deep shelves cost \$.51 per lin. inch; 12" deep shelves cost \$.57 per lin. inch.

11. **Label Holders.** A two part label holder can be supplied for each cradle. Price is \$35.00 per hundred.

## SCHEDULE OF DISCOUNTS

0 - \$24,999.99	15%
\$25,000.00 - 39,999.99	25%
\$40,000.00 - 50,000.00	40%

**NOTE:** 1. Discounts do not apply to installation prices and delivery charge.

2. Maximum Order Limitation—Net amount of order excluding installation and transportation costs must not exceed \$50,000.00.
